

In my last holidays I was in Norway ~~in~~ on a cruise with my grandparents and my cousin. We drove from city to city in a fiord and on the sea. It was often interesting and exciting but also sometimes boring and bored.

(besser: „is“)
 Today it's a good day. I wake up at 8:30 o'clock and ate my breakfast → an apple. Now I do make my schoolwork. Math. I do make with my mom. After schoolwork I eat a 'high protein' yog(h)urt with raspberry. Then I play with Ma and I am ~~was~~ outside. In the evening we make a "barbecue" with Juckelin and Christian.

During the next holidays we will drive ~~to~~ on to the North Sea * (coast of the) north sea. I think it will be good because we will do a lot of things / activities and ~~drive~~ ride on the beach with the bikes. But it will also have give bad sides, for example: Noah, Mia and I will be in a bed ~~sleeping~~ room together. But all in all I think ~~it's~~ it will be very funny.

Hallo Elea,

schau Dir die Fehler bitte genau an. Es ist eine Mischung aus Grammatikfehlern (unregelmäßige Verben 😞 z.B.!!) und Schreibfehlern (die nicht sein müssten 😭😭!).

Liebe Grüße
